Usha 450e Embroidery Machine | Janome Memory Craft 450E

Before going into the intricate details of machine operations and features, let's take a moment to see the video below to understand what wonder this machine can bring to life.

Unleash Your Creativity with Speed and Precision

Embroidery Designs

The Usha Embroidery Machine Memory Craft 450E is not just a sewing machine; it's a powerful tool that elevates your embroidery game to new heights. With a stitching speed of 860 spm (stitches per minute) and a generous embroidery area of 200 x 280 mm, this machine is a dream for boutique owners and embroidery enthusiasts alike.

Precision Embroidery: 2 Adjustable Hoops

Experience the freedom to adjust your embroidery hoops even after your masterpiece has begun. The machine comes with two versatile hoops – RE28b (200 mm x 280 mm) and SQ20b (200 mm x 200 mm), offering flexibility and creativity in every stitch.

Digitizer Jr V5 Software: Your Creative Hub

Explore the boundless world of embroidery design with the free Digitizer Jr V5 software. Edit existing designs or create customized ones effortlessly. The 13 cm full-colour LCD touchscreen provides on-screen editing functions like enlarge/reduce, rotate, flip, drag and drop, arc, combine, copy and paste, grouping, corner layout, single colour sewing, and zoom.

Built-in Designs and Fonts: Endless Possibilities

Choose from 160 built-in embroidery designs and 6 monogramming fonts to add a personal touch to your creations. The machine supports embroidery formats .jef and .jpx, giving you the flexibility to express your imagination.

Efficiency at its Core: Intelligent Features

The Usha Embroidery Machine Memory Craft 450E is not just about creativity; it's about efficiency. Enjoy features like programmable jump thread trimming, adjustable speed while embroidering, flexible stitch travelling (by units of 1, 10, 100), direct jump to desired stitch point, and auto return post thread break.

Embroidery Made Easy: Practical Functions

The machine simplifies your embroidery journey with a top-loading full rotary hook bobbin, 2 and 3-letter monogramming, adjustable hoop positioning (even after starting embroidery), automatic thread cutter, easy set bobbin, bobbin winding plate with cutter, and a bobbin thread sensor.

Engage Your Senses: User-Friendly Interface

The backlit LCD screen ensures clarity, and the easy navigation makes your creative process seamless. The machine is not just a tool; it's a companion in your artistic journey.
